BIOGRAPHY

Born and raised in Brindisi, in the vibrant heart of Southern Italy, Simone Sgura and Antonio Magli embody the underground spirit of the new Mediterranean electronic scene. From the very beginning, they found their identity behind the decks, turning a youthful passion into a recognizable and ever-evolving sonic language.

Along their artistic journey, Simone has refined his production skills, shaping a distinctive sound that blends house and techno with Latin nuances and tribal atmospheres. Antonio, in parallel, has cultivated a personal, dancefloor-focused approach, leading him to perform at prominent events and release tracks on labels such as Sura, Material, and Happy Techno.

Over the years, they have shared the stage with world-renowned DJs such as **Jeff Mills, Agents Of Time, Green Velvet, Kobosil, Ralf, Fideles, Ben Sterling, Luca Agnelli**, and many more, leaving their mark on clubs and festivals across Italy. Their sets stand out for their hypnotic and immersive grooves, where Mediterranean influences, infectious energy, and an endless desire to experiment converge.
